

SHIV SANTOSH SARWADE

Frontend Software Developer

+91-7620876612 shiv.s.sarwade@gmail.com linkedin.com/in/shiv-sarwade github.com/ShivSarwade

Summary

Frontend-focused Software Engineer with 1+ year of experience building React.js and Next.js applications with emphasis on performance, reusable component architecture, and scalable frontend development. Experienced in REST API integration, state management, and delivering production-ready user interfaces across web applications. Possesses working knowledge of backend systems, databases, and core computer science fundamentals.

Skills

Frontend: JavaScript (ES6+), React.js, Next.js, Redux Toolkit, GSAP, Framer Motion, Tailwind CSS, ShadCN, HTML5, CSS3

Backend & APIs: Node.js, Express.js, REST APIs, JWT Authentication, RBAC

Databases: PostgreSQL, MongoDB, DBMS

Programming & CS Fundamentals: Python, Data Structures & Algorithms, System Design, Computer Networking

Tools & Platforms: AWS EC2, Git, Linux, Postman, Nginx

Experience

Software Developer

May 2025 – Present

Sitramix, Pune

Tools Used: React.js, Node.js, Express.js, JWT, AWS

- Built scalable React.js frontend features with reusable component architecture and structured state management across multiple modules.
- Developed reusable frontend systems that replaced a manual design-to-development workflow, reducing implementation time by approximately 90%.
- Improved frontend performance, accessibility, and SEO, achieving Lighthouse scores of 90+ across core web metrics.
- Integrated and maintained REST API workflows with structured asynchronous handling, loading states, and error management.
- Designed and developed RESTful APIs using Node.js and Express.js with authentication and role-based access control.
- Improved backend response reliability by optimizing database queries and API handling.
- Deployed and monitored applications on AWS, contributing to production stability and application performance.

Projects

Griffion – Authentication Starter Kit | Next.js, Node.js, MongoDB, JWT

- Built a reusable authentication starter kit providing pre-configured frontend and backend architecture for rapid application development.
- Implemented complete authentication workflows including JWT rotation, refresh token handling, RBAC, protected routes, and session management.
- Reduced repetitive setup effort by providing production-ready authentication infrastructure, enabling developers to focus primarily on business logic and UI development.

JobJet – Job Portal Platform | React.js, Tailwind CSS, Node.js, Express.js

- Built a full-stack job portal platform supporting job listings, application workflows, user authentication, and recruiter-candidate interactions.
- Developed responsive frontend interfaces with structured state management and REST API integration for jobs, applications, and user workflows.
- Designed backend APIs with authentication, file uploads, validation, and role-based access handling using Node.js and Express.js.

TICKETIFY – Event Management Platform | React Native, Node.js

- Built a cross-platform event management application supporting ticket booking, attendee management, and real-time event workflows.
- Implemented QR-based ticket validation and real-time attendee synchronization for faster and more reliable event check-in operations.
- Developed reusable mobile UI components and backend APIs to support scalable ticketing and event management workflows.

Awards & Certifications

- Secured 1st Rank in college during Bachelor's degree graduation (BBA-CA / BCA) with an outstanding CGPA of 9.60/10.

Education

Master of Computer Applications (MCA)

Expected: June 2027

Savitribai Phule Pune University (SPPU)

CGPA: 8.96

Bachelor of Business Administration in Computer Applications (BBA-CA / BCA)

Graduated: 2025

Savitribai Phule Pune University (SPPU)

CGPA: 9.60 / 10

12th Class Higher Secondary Certification (H.S.C.)

2021 – 2022

A.S.D.B. Dadawala Junior College

Percentage: 87.50%

10th Class Secondary School Certification (S.S.C.)

2019 – 2020

V.P.S. Sheth Hiralal Saraf Prashala (S.H.S.P.)

Percentage: 88.20%
